TO OUR CUSTOMERS

THIS IS A CATALOGUE OF DEPENDABLE THINGS

We do not sacrifice quality for price. You cannot get something for nothing. Our rapidly growing trade is with the class of people who are willing to pay a reasonable price for merchandise of quality. We do business on this principle—one good plant that grows and blooms is worth half a dozen that are grown so crowded and weak that they never make a good plant, no matter how you pet and fuss with them.

Our list is not as large as some, but you will find that we have discarded the varieties that are not suitable here and list only those we know will prove satisfactory to you.

SERVICE

Service means quality of goods plus the ability to care for your orders in such a manner that you will come again—Our ever-increasing trade shows that we have both and we are giving them to our customers.

Any order that does not prove satisfactory in every way we are ready and glad to make right—if proper claim is made within a reasonable time after time of shipment.

Errors. If goods received are not as expected compare with order, read Catalogue carefully, and if we are in the wrong, write us at once. Every just complaint will have immediate attention.

Remit by bank draft, express order, postoffice order or registered letter.

To Responsible Parties goods will be sent on approval.

Plants by Express. Have your plants, shrubs, etc., sent by express when you can possibly do so. Under the new ruling they go at special rates in Iowa, making the cost very reasonable. We guarantee safe arrival of all goods by express.

NOTICE. **Plants by Mail.** Add 10 cents postage on all small orders of \$1.00 or less for small plants to be sent by mail, prices given in this catalogue are not prepaid. Postage or express is to be paid by purchaser. All large plants must be sent by express.

POINTS ON THE CULTURE OF FLOWERS

Treatment of Plants Received by Mail. If plants are wilted immerse them in water, without removing the packing material and allow them to remain for half an hour. Then unpack and set in small pots in rich fibrous loam, shade from the sun and sprinkle foliage every day, being careful not to overwater the roots until

the plants begin to grow, after which they may be shifted to larger pots if necessary.

Soil in Which to Pot Plant. The best soil for most plants is composed of two-thirds good garden soil, and one-third well-rooted manure, well mixed up together. If not naturally sandy, it is well to add some sharp sand.

Watering. Whenever the plants are dry, water so that the earth will be saturated, and no more. No water should be allowed to remain in the saucers under the pots except in the case of aquatic plants. Soft-wooded plants require much more water than hard-wooded ones.

Drainage is of the utmost importance. Every large pot should have at least an inch of broken pot, shredded moss or charcoal in the bottom.

Syringing. All plants are benefitted by liberal spraying two or three times a week on the under side of the leaf.

Air. Ventilate well every day when air above freezing point can be admitted. Do not allow cold air to blow directly against plants.

Insects. One of the most disgusting of these is the Scale which attacks the Ferns, Palms, Ivies, etc., lodging on the stem and under side of leaf. There is no remedy but scraping off and destroying. A severe scrubbing with an old tooth brush and soap will remove the scale. Mealy bugs lodge in the axils of the leaves and are easily removed by using an old tooth brush. Red spider shows itself in a brown died condition of the leaves and is an indication of too dry an atmosphere. Sponge, sprinkle or wash the leaves often and thoroughly. The Green Fly or Aphid, is best destroyed by tobacco smoke, if the smoke can be confined about the plants; otherwise a tobacco tea, made by steeping one pound of tobacco stems in four or five gallons of water, can be used. Dip the plants in the liquid, or sprinkle them thoroughly with it; or moisten the plants with water and sprinkle tobacco dust over them, letting it remain until the usual watering washes off.

Worms in the Soil. Lime water will usually expel them without injury to the plant, one part lime to twenty parts of water, and when clear, give one or two waterings.

Mildew. A whitish or moldy appearance of the leaves. It is caused by a sudden change in the atmosphere from great heat to cold, or by a draft from open windows or door. At first appearance dust them with sulphur.

PRICE OF INSECTICIDES

Tobacco Dust. 20c per pound.

Tobacco Whale Oil Soap. 20 cents per ½-lb. pkg.

Nicotine Paper. 8c per sheet, 4 sheets for 25 cents.

Nicotine Extract. 60c cents per ½ pint bottle.

If by mail add 5c per lb.

CUT FLOWERS

In design work and loose cut flowers we are better than ever prepared to care for your wants. With 55,000 feet of glass devoted to flowers, our excellent facilities for storing and shipping, we are sure that you cannot do as well elsewhere. We carry on hand the largest stock of seasonable cut flowers in Central Iowa, even in the largest cities few firms carry the stock that we do. Frequently persons are undecided what to order and at such times you may leave the selection to us, stating what you wish to use them for and the price you wish to pay.

WHEN TO ORDER. Give us as much time as possible. Do not be afraid to order even a week or two ahead. You are sure of getting just what you want. Where an order is not sent in until the last thing, we sometimes have to substitute either in kind or color of flower wanted.

HOW TO ORDER. All customers will please notice that orders for early morning shipment must be in the night before. Our postoffice closes at 7 p. m. If you are not sure that your order will reach us before that time, it is safer to wire us. Telephone messages can be sent after 8 p. m. at considerable reduction. It is always best to telephone or telegraph your order when time is limited, as you are then sure of reaching us on time. **Don't trust the mails;** trains are often late and we often do not receive orders on time.

SUNDAY MAIL. If your order is sent by mail for Monday shipment, be sure and affix a special delivery stamp if letter is liable to reach here on Sunday, as we do not receive all our Sunday mail until Monday morning.

FLOWERS BY EXPRESS. All cut flowers, designs, etc., packed to carry long distance safely, either winter or summer.

FLOWERS BY MAIL. On request we often send small boxes of loose cut-flowers by mail, as a rule they reach their destination all right, especially carnations, but much prefer sending by express, as flowers carry better and cheaper. If orders are to go out by mail, add 20c postage which includes special delivery stamp.

TERMS AND CONDITIONS. Cut flowers are strictly cash, and payment must be made immediately on receipt of flowers. We seldom send C. O. D. It often embarrasses those who buy, and it is a needless expense.

COMPLAINTS to be allowed must be made immediately on receipt of flowers.

RESPONSIBILITY. While we exercise the greatest care to have all flowers reach their destination on time, and will not ship unless we are reasonably sure they will reach you on time, we positively will not be responsible for delays in trains, wrecks, or express agents' negligence. **Should your flowers reach you too late, accept them under protest, do the best you can with them. If for a funeral, lay them on the grave, we will share the loss with you and take care of any claim against express company.**

OUR SHIPPING FACILITIES. The fact that the great harvester companies have their general agencies in this city is in itself a sufficient guarantee that there are none better in Northern Iowa.

Flowers for the House the Season Through

You enjoy having flowers in the home and having them on the table when you have a few friends in; why not have them oftener? Part of the year you cannot grow them, but we make it easy for you to have them whenever you like, at a small cost. **Our \$1 and \$2 boxes of cut flowers sent prepaid anywhere is always suitable whatever the occasion.**

A BIRTHDAY. Have you a friend who you would love to remember then say it with flowers the most beautiful of remembrances. Our assorted boxes, \$2.00 and up, are very appropriate—say when they should reach destination.

For the home, for a party, for a birthday, or for a sick friend. Just mail us your card and with the address of the person who is to receive it, and we will do the rest. We know you will be pleased.

Assorted Boxes of loose cut flowers and greens, suitable for any occasion, at \$1, \$2, \$3, \$5 and \$10. Try one of our \$1 boxes for your sick friends. It will surprise and please them, and nothing will cheer them more. Sent prepaid anywhere for \$1 and upward.

VERY IMPORTANT

How to Keep Your Cut Flowers

All design work. Leave in the boxes and set in a cool cellar until ready to use.

Loose Flowers. Remove from boxes at once, clip the ends of stems and put them in water and set in cellar, using deep vase with plenty of water at bottom, and see that the stems are down in the water. By securing loose flowers early and keeping them 12 to 24 hours before using, you double the value of the flowers.

Vase of Carnations

HOLIDAYS

Owing to the extraordinary demand, it is sometimes impossible to give you exactly the kind of flowers ordered. We do our best, but our customers will find we can give better values in mixed boxes of our own selection, \$2, \$3, \$5, \$10.

DECORATION DAY

One of the hardest days of the year to supply the demand. If the weather is hot and damp, it is a time of poor quality and high prices. We shall endeavor to bill all stock at most reasonable prices, according to quality. Prices from May 28th to June 1st will be about as follows:

Carnations, \$1.50 and \$2.00 per dozen; **Roses**, \$1.00, \$1.50, \$2.00 per dozen, extra fancy \$3.00 and \$4.00; **Mrs. Russell** and **Columbia**, \$3.00 and \$4.00 per dozen, extra long, \$6.00 per dozen; **Jasmines**, 50 cents per dozen, \$3.50 per 100; **Gladiolus**, \$3.00 per dozen; **Lilies**, \$3.00 per dozen.

MOTHER'S DAY

Usually observed in all churches the second Sunday in May. Wear a flower for mother's sake, a white one for the mother that is dead, and a colored one for the one who is living.

Carnations. Assorted colors only, fancy, \$2.00 per dozen. Extra fancy, \$2.50 per dozen.

Roses. \$1, \$1.50, \$2, \$3, \$4 per dozen. Short stemmed roses, assorted colors, \$1 per dozen.

Double Casket Bouquet of Roses

SUMMER FLOWERING BULBS

Import bulbs, like Tuberous Begonias, Gloxinias, Ismene, Zephyranthes and Lilies, owing to Government restrictions, the supply is yet uncertain. Should we not be able to supply this spring, we will return money.

Tuberose

AMARYLLIS (King Lily)

Very popular for house culture and easily grown.

New Hybrids, very large flowers, 60c each.

APIOS TUBEROSA

An elegant climbing plant, growing from 8 to 10 feet high, bearing large clusters of brownish purple, sweet-scented flowers in July. Perfectly hardy. 10c.

GLOXINIAS

Can supply this year assorted colors only; California grown. 30c each; 4 for \$1.00.

TUBEROUS-ROOTED BEGONIAS

Unexcelled for summer bedding, such as lawn beds and borders. They will thrive best in partial shade.

Single Mixed Colors. 20 cents each, 3 for 50 cents.

Double Mixed Colors. 25 cents each, 5 for \$1.00.

GIANT ISMENE

Flowers are large, like an Armaryllis, of novel form, snowy white, exceedingly fragrant. 20 cents each, 60c for 3.

SUMMER-FLOWERING OXALIS

10 cents per dozen, 20 cents for 25.

HYACINTHUS CANDICANS

Large, yucca-like leaves growing as high as 4 feet, producing racemes of long, funnel-shaped pendulous flowers. 6 cents each, 25 cents for 5.

CALLAS

Elliottiana. Flowers are of a rich golden yellow, foliage is the same as that of the Spotted Calla—deep green with white spots. 50 cents each.

Spotted Leaf. Similar to the well-known White Calla, but having its foliage marked and dotted with numerous white spots. The flowers are pure white with dark throat, 15 cents each. \$1.50 per dozen. Large size, 25c each.

Caladium Esculentum

GLADIOLI—The Most Popular Summer Flowering Bulb.

You are sure of fine flowers if you plant Gladiolus, the most attractive of all summer flowering bulbs. They need only a little culture to keep the weeds down, will grow in any good soil and with ordinary rainfall seldom fail to flower.

The best time to plant is about the first of May, but they may be planted by the 20th of April in the Central States. A succession of bloom may be had from July to October by making planting ten days apart.

GIANT OR LARGE FLOWERING TYPE.

This list is a selection of the very best varieties that grow.

General List of Flowering and Ornamental Plants

Asparagus Sprengeri

ASPARAGUS SPRENGERI

A grand trailing plant, especially useful to grow as a pot plant for house decoration or for planting in hanging baskets or window boxes, where it makes a graceful, drooping plant with branches or fronds 4 to 5 feet in length, of a rich shade of green; valuable for cutting, or decorating, as it retains its freshness for weeks after being cut. 10 cents each, 50 cents for 6 large plants, by express, 20 cents, 30 cents and 50 cents each.

Asparagus Plumosus

ASPARAGUS

The stem is tufted, slender and gracefully arching. From the upper portions of the branch, which are finer than the fronds of the most delicate fern spread in all directions. The whole plant is of bright, cheerful green, and one of the most distinct and effective decorative plants, of easy culture, thriving best in full light, but not direct sun. After the plants become large, they throw large tendrils 4 to 6 feet long, which are beautiful for decoration. 15 cents each, 4 for 50 cents; large size, 20, 30 and 50 cents.

BEGONIA SHRUBBY

We have a beautiful lot of finest flowering varieties. Choice plants, 25 cents each, 5 varieties for \$1.00.

REX BEGONIAS

The high coloring and exquisite markings of Rex Begonias make them invaluable as decorative plants for house culture; are excellent for baskets and vases if given plenty of moisture and not exposed to the full sun.

A grand lot of finest varieties, 4 inch pots, 35 cents, 5 inch pots, 50 cents.

CROTONS

Crotons are among the finest decorative plants. The leaves are more or less veined and margined and sometimes entirely variegated with shades of yellow, orange and crimson; some have long, narrow leaves, arching gracefully, fountain fashion; others are broad and short, oak-leaved. Some recurve very much; others are twisted cork-screw like. They like peat, sunshine and moisture. Large size, 40 and 60 cents each.

CALLAS

Dwarf Calla, the Godfrey. It far surpasses the common variety in freedom of bloom. Snow white and of perfect form. Blooming size, 25 cents each; large plants, 50 cents each.

Elliotana. Yellow Calla (very beautiful). 40 cents each.

Aethiopia, or common calla. Excellent house-plant, requiring an abundance of water during its growing season. Strong plants, 20 cents, 30 cents and 50 cents each, according to size.

Spotted Leaf. Resembles the White Calla, but is of a somewhat smaller habit. Leaves glossy, deep green, with numerous white spots, making it very ornamental, even when not in bloom. Large, 25 cents each, 60 cents for 3; small size, 15 cents each.

CUPHEA TRICOLOR

Flowers tubular in shape and about 2 inches long and combine three distinct colors in each flower; red, blue and white. 15 cents each.

COLEUS

Every lover of foliage should have a bed or border of these. They are fine for edging or massed by themselves. The Coleus will give more pleasure at less cost than any other plant. Very tender, and therefore should not be planted until all danger of frost is past.

The number of varieties is so large and varied that we only attempt to describe the standard bedding varieties.

Anna Fister. Pointed leaves with deep scalloped edges. Bright yellow and green. Dwarf.

Blackbird. Leaves and stems almost jet black with fringed edges.

Beckwith's Gem. Four shades of color, center maroon, bordered red; edge green and yellow.

CHRYSANTHEMUMS

The Chrysanthemum is, without doubt, the queen of autumn flowers. Their large flowers of every character and form attract the attention of all who are interested in flowers. They are the most popular flower. We are continually adding new varieties to our large stock, and offer the cream of the best standard sorts of fine, well-grown plants. Compare our list with any specialist.

Those wishing large quantities to grow for shows should write us, stating the quantity desired, and we will make you special prices and guarantee you satisfaction.

Feeding. After September 1st, all plants should be fed about once a week, alternating with weak manure water (at the rate of one pail of manure to barrel of water) and ammonia water (at the rate of a tablespoonful of ammonia to pail of water.) After buds commence to open, feed but little, and that very weak.

WHEN TO PLANT. Any time after the ground can be worked.

SOIL. Dig the ground deep. Put in quantities of manure as the Chrysanthemum is a gross feeder.

DISBUDDING AND STOPPING. When your plant is 6 to 8 inches high, cut back to a

height of 4 inches. Allow one flower to a stem. If you want fine flowers, do not be afraid to cut off all the side buds. Leave only the enter bud on each stem to mature.

WHEN TO LIFT. In this locality plants should be lifted into large pots or boxes by August 20. After lifting, drench thoroughly and never allow them to suffer for water. Give them manure water if possible, once a week. If protected, they need not be brought into the house until well in October, and when brought in, place in a room without fire, and give plenty of air, when not frosty.

GREEN AND BLACK APHIS. There is no remedy for this troublesome pest except tobacco in some form, either smoke or tea. We use green and black aphid indoors. Price 5 cents per sheet. Tobacco dust for sprinkling on indoors, 15 cents per pound.

A Bed of Cannas Bordered With Coleus

CANNAS (The Best)

No bedding plant equal to the Cannas; are easily grown, and attain large size in ordinary soil. Plant in good, rich garden soil, about the end of May, when all danger of frost is past. Water sparingly for first two weeks after planting. Set the plants 18 inches apart each way, and where more than one kind is used, be careful to set the dwarf growing varieties at outside of bed. Should be taken up in the fall when the tops are killed by the frost, and stored away in a dark, cool place. Our stock is very large, numbers many thousands, and all true to name, each variety being the best of its kind.

There is nothing more beautiful than a bed of Cannas, with their gorgeous flowers of all colors, which are produced above their rich, glossy foliage. No park or landscape planting is complete without several beds of these indispensable plants. Aside from the fact of its magnificent foliage display, it is exceedingly valuable on account of the great clusters of

flowers which are produced the entire summer.

Many of our customers, appreciating the decorative value of the plant, and aware of its value in producing rich effects in the lawn or garden, want Canna beds, but are undecided as to what varieties should be included. For such we have prepared the following selections. These will be a great advantage to you in obtaining the result you desire.

For a round bed, 7 feet across, take 19 plants—19 plants of our selection, \$3.00.

For a round bed 10 feet across, take 37 plants, four varieties—37 plants our selection, \$5.00.

For a rectangular bed, 5x8 feet, 25 plants three varieties—our selection, \$3.75.

For oblong bed, 5x8 feet, 24 plants, three varieties—\$3.75.

For a round bed, 13 feet across, 61 plants, 6 varieties, strong plants, our selection, for \$8.50.

The above prices on Canna beds are by express at purchasers' expense.

Beautiful little border plants, which bloom through the summer when planted in a shady situation.

Double Pink and Double White. 5 cents each, 50 cents per dozen.

Daisy Marguerite. See Marguerite.

DRACAENA INDIVISA

Beautiful window and greenhouse plants, thriving in a warm, dry room. Should have their leaves sponged off once or twice a week. For general decorative purposes, this is one of the best plants we know. It is of graceful habit, and an exceedingly rapid grower, and is not affected by the sunshine, drought or storm. It forms a palm-like tree and does equally well either indoors or in the open ground; is especially suited for center of vases, baskets and window boxes. Small size, 25 cents; larger size, 50 cents and 75 cents each.

Dracaena Terminifolia. Broad ribbon-like leaves, of richest shades and colors, enjoys heat and sun, suitable for vases, basket and boxes. 50 cents and \$1 each.

FORGET-ME-NOT (Mysotis)

These quaint, neat, low-growing plants love cool, moist soil, and, like pansies, bloom most freely in fall and early spring, producing star-like, light blue flowers. 10 cents each, 75 cents per dozen.

FEVERFEW

One of our finest bedding and vase plants, giving an abundance of double white flowers, one inch across. 10 cents, 20 cents and 30 cents each; \$1, \$2, \$3 and \$5 per dozen, according to size.

FICUS ELASTICA
(India Rubber Plant)

This has become a general favorite as a house plant because the large, shining green leaves endure the dry air of a living room as well or better than any other part. \$1 each; \$1.50 each, \$2.00 each.

FUCHSIA (Single)

Speciosa. Very early bloomer. Tube and petals light rose.

THE CARDINAL CLIMBER NEW TENDER CLIMBER

We consider this the most brilliant annual climber ever sent out. Very strong grower, beautiful fern-like foliage literally covered with a blaze of fiery cardinal red flowers, from mid-summer till frost. Flowers are $1\frac{1}{2}$ inches in diameter and borne in clusters of 5 to 7 flowers. Like a warm, sunny situation and good soil. 25 cents each, 5 for \$1.00.

CYPHERUS ALTERNIFOLIUM (UMBRELLA PLANT)

A pretty, unique and striking object of very easy culture, growing and thriving under almost positive neglect. Being an aquatic, it is at home in the aquarium, but succeeds equally well as an ordinary pot plant if an abundance of water is given. Next to palms, the plant deservedly takes rank among the most useful foliage plants for inside culture. 25 cents and 50 cents each.

CYCLAMEN

Giant Flowered. Most beautiful and decorative of all pot plants, for winter and spring blooming. Foliage broad, massive and graceful, of dark green, beautifully variegated with silver and rose. The immense, fairy-like flowers are carried on long stems and produced in profusion for several months; quite fragrant. We have a fine stock, first size, separate colors, suitable for next winter's bloom at 25 cents and 50 cents each. Large size in fall, \$1, \$1.50, \$2.00 and \$3.00 each.

Cyclamen

CARNATIONS

Plant in the open ground as soon as the ground can be worked in the spring. If wanted to flower during the summer and fall, as soon as the flower shoots appears, tie to small stakes; if wanted for winter blooming, the flower shoots should be pinched off until about the middle of August; by that time they will have made very strong, bushy plants. Take up and pot before September first and keep shaded and close for a few days, when they will be ready for removal to the conservatory or window, where they are to flower.

Our list of varieties are the best.

A Bed of Coleus (See page 13)

A SELECT LIST OF BEST DAHLIAS (Priced Separate)

The Dahlia is now taking first place among autumn-flowering plants; this is largely due to the splendid new sorts that are being brought out in the Cactus and Decorative class. There is nothing that can equal them in range of color and abundance of bloom. Any good, rich garden soil, not too wet, will grow good Dahlias. Show and Decorative types are the smoother petals. Cactus are the curled and twisted petals as shown in the cut.

Plant Dahlias in open ground, about the first of May, if the weather is favorable. If the ground is at all cold and wet defer planting until later date. With us, the started plants have proved as good as the tubers. In fact, they come into bloom more quickly than the tuber and are cheaper.

Always stake your Dahlias as soon as they are tall enough, using a good stout stake at least 4 feet high. In the fall, after hard frost, cut the tops off within 3 inches from the ground, take up and store in a cool cellar free from frost.

SPECIAL OFFER ON DAHLIAS. We have a fine lot of best named varieties that did not bloom early enough last year to true up. We offer them in assortment divided clumps—7 for \$1.00. They will give you satisfaction, as they are not only very cheap, but they are valuable sorts.

GERANIUMS

A Bed of Flowering Geraniums Bordered With Mad. Salleroi.

18 Geraniums from 4-inch Pots and 24 Geraniums Mad. Salleroi, for \$5.50 by express.

The Geranium is the most popular plant for bedding purposes, and deservedly so, as they continue to bloom profusely in the hot summer months when other plants are scorched by sun and dry weather. The new double varieties bloom as freely as the single and make as fine bedders, being more durable.

Our list of flowering Geraniums will be found very large and complete. We have taken great care in selecting the different varieties showing distinct characteristics of their own.

HOW TO HAVE A GOOD BED OF GERANIUMS

Plant in medium soil, not too much sand or manure. See that they are in a bright, sunny place. After they once become established do not over-water as this will have a tendency to make them go to leaf growth; when weather becomes very hot a light mulch is beneficial. Always keep soil around plants stirred to a

depth of at least one inch. Keep plants free from all old flowers and leaves and if any of the plants become ungainly, pinch off ends of long shoots.

For massing in beds and for window boxes and vases, no varieties excel B. Poitevine, S. A. Nutt, Abbie Schafer, Countess, A. Richard, E. H. Trego, Madame Chevalier, Mrs. Hill, Telegraph and Jean Viaud in the respective colors.

SPECIAL NOTICE—Have your Geraniums shipped by express—it takes a long time for them to get over mailing.

SCENTED GERANIUMS

Exceedingly useful on account of their fragrant foliage and largely used in baskets and bouquets. Also used for making up toilet waters, fragrant jars, etc.

Variegated Leaf. Sweet scented, 20 cents each.

Skeleton Leaf Rose. 25 cents.

Large Green Leaf. Sweet

scented, 15c and 25c each.

Dale Park Beauty. Flowers similar to a Fanny Geranium. Deep lilac color; foliage fragrant. 25 cents each.

BORDER GERANIUM

Madam Salleroi. Leaves from 1 to 2 inches in diameter; plant is quite dwarf, growing in dense, round masses quite rapidly. Leaves green, with margins of pure white; valuable for baskets, vases and for second rows in bedding designs, 10 cents each, 25 cents for 3; \$1 for 12; \$6 for 100.

VARIEGATED SILVER

LEAF VARIETIES

Madame Pollock. Green disc, bronze zone, edged silver, 30 cents.

Tricolor Arbutus. Foliage golden yellow. Very profuse in bloom; salmon pink flowers. 30 cents each.

Kentia Palm

PALMS

Two or three well-known Palms in a house produce a better decoration than a hundred small plants and are not so much trouble. They are now the most fashionable plant for all decorative purposes. Keep in a moderately warm room; sponge off the foliage frequently with warm water and whale-oil soapsuds and then with clear water; give plenty of water, especially in summer and do not expose to the scalding sun rays in summer.

Kenia Belmoreana. An elegant species in which the Pinnae are beautifully curved and reflexed. One of the easiest to grow in cultivation. Nice plants, \$1 each; large size, \$2, \$3 and \$5 each.

Kentia Forsteriana. Similar to the preceding, but taller and more robust. Nice plants, \$1 each. Large size, \$2, \$3 and \$5.

Areca Lutescens. A most elegant palm. It is easily grown and is useful to every state of its growth; fine color, graceful habit, stems golden yellow, tall growers. \$1, \$2 and \$3 each.

PANSIES

The Pansy begins to bloom in February and continues until late in the fall. Should be placed in very rich soil and watered freely. We offer a fine collection of carefully grown, from pots, that are sure to give satisfaction and bloom freely.

Giant Varieties. Colors separate. 60 cents per dozen.

Our Special Mixture. Containing a fine mixture of all varieties. 75 cents per dozen, \$5 per 100.

POINSETTIA

This beautiful Christmas-blooming plant is the admiration of all who see them. Would not advise you to buy them before November, securing the plant in full bud, ready to bloom. A description of the plant is hardly necessary, as you have all seen pictures and descriptions in the magazines. Price for Christmas-flowering, strong, 4-inch pot plants, 50 cents each; pans made up of 3 plants, \$1.50.

TRADESCANTIA (Wandering Jew)

Fine for hanging-baskets, vases, etc. Easily grown if given plenty of water.

ROSES

Plant in sunny location, in deep dug, well enriched soil. After plants are set out keep soil stirred; do not plant in hole in sod and expect them to bloom. Cultivate same as any garden vegetable and you will be repaid for your work and trouble.

Culture for Winter Bloom. Keep in a room with temperature 60 to 65 degrees with all the sunlight possible. Sprinkle under side of foliage every morning if sun is shining. Do not sprinkle on cold, dark days unless the atmosphere of the room is very dry. As soon as the bud is matured, cut the stem down to within three or four inches of the main stalk. Use rotted cow manure in soil. A little weak manure water at the roots once a week is very beneficial if the plant is growing strong.

Insects and Diseases. Greenfly is easily subdued by dusting the leaves with powdered tobacco. The rose-slug is quickly killed by dusting the insect or the whole plant—with road dust on a sunny day. Mildew, which affects the leaves in the early spring and fall, is due to the variable temperature. For this dust powdered sulphur on the leaves. Roses must be syringed thoroughly every sunny day. In the morning is preferable.

Roses by Mail. Unpack immediately. Do not expose roots, but place at once in a shallow dish of tepid water. Toward evening carefully plant in a good mellow soil, thoroughly firming the moist earth around the plant. Shade from the mid-day sun just after planting. If you can possibly avoid it do not have your plants sent by mail—the small amount of express you will have to pay will be more than made up on the extra value of plants we will send you.

Roses by Express. They are usually packed with all or part of the earth adhering to each plant. They invariably arrive in good order. If the balls of earth are dry, hold carefully in a pail of water for a moment, then firm the earth carefully around the balls. Never plant a rose when dry at roots; always soak before you put in the ground, then firm the soil thoroughly around them and water again.

Golden Ophelia

Golden Ophelia

STANDARD COLLECTION OF EVER-BLOOMING ROSES

These Roses are especially suited for summer bedding where large quantities of blooms are wanted. Are not hardy in this climate.

Tipperary. Very prolific; small pointed buds. Clear light yellow.

Bon Silenae. Bright cherry crimson; strong, vigorous grower; wonderful bloomer.

Duchess de Brabant. Light rose, heavy shading of amber and crimson.

Gruss an Teplitz. Richest scarlet, shading to a velvety crimson; larger than Hermosa.

Hermosa. Rosy pink. An old garden favorite.

Mad. Cecil Bruner. Popular baby pink rose, comes in clusters, used largely for corsage.

STANDARD TEA ROSES

Suitable for summer planting. The flowers are much larger and more perfect than the preceding list but not in such quantity.

Etoile de France. Strong grower, of a lovely shade of red.

My Maryland. A grand bedding rose; a decided rose pink; good free-branching.

Mrs. Aaron Ward. Buds copper, deep golden orange, shading outward to a creamy yellow.

Maman Cochet. Rich healthy foliage, long, stout stems, extra large and full. Bright rose.

The Rose for Everybody—Killarney

Mad. Butterfly. A glorified sport of Ophelia, a wonderful shade of old gold, orange and yellow.

Crusader. A velvety crimson scarlet, in a class by itself; good size flower; fine long stem; free in growth and blooming. 30 cents.

Kaiserine Aug. Victoria. Best summer blooming white.

Pink Killarney. The great Irish Rose; of robust growth and very free-blooming; the flowers are large, the buds are very long and pointed. A delicate shell pink.

White Killarney. Identical with above, except color, which is pure white.

Hoosier Beauty. Magnificent color. Rich crimson scarlet. Velvety texture. Double.

Ophelia. Clear, bright salmon, often deepening toward golden pink; wonderfully fragrant, with long, pointed buds and stiff stems. Large handsome foliage.

Mrs. Charles Russell. (Called Russell Beauty). A strong growing rose. Foliage heavy and leathery, inclined to slightly curl on the older wood; is almost mildew proof. The bud is fully as large as American Beauty, but longer and pointed, and opens into a flower of unusual beauty. The color is a bright rose pink, deeper in the center. 25c and 50c each.

Milady. Similar to Richmond in color, but far richer in the bud. Large and double. In form and fragrance it resembles Gen. Jacqueminot.

White Maman Cochet. Identical with Maman Cochet except in color, which is pure white.

Richmond. Strong growers; flowers are large and pointed, beautiful rich crimson; rather single in hot weather, but if cut in tight bud will keep well and open out very beautiful.

Columbia. The Rose of all Roses, beautiful, clear, glistening pink, exceptionally strong grower, long stems, keeping qualities are very good. One of the best of summer flowering roses.

Premier. Deep, rose pink and very free flowering. Large size, good keeper. 25 cents.

Our selection, ten strong plants, from 3-inch pots, especially suited for summer bloom, for \$1.75, by express. These will give you more satisfaction than \$3 invested in cheap little Roses.

BABY RAMBLERS

All perfectly hardy and wonderful blooming qualities. Grow about 24 inches high, are ideal for bedding out as they flower almost continuously. Flowers in clusters like Crimson Rambler.

Red Baby Rambler. Plant vigorous, foliage dark and glossy. Flowers rich crimson.

Jessie. An ideal Rose, possessing bright green foliage exempt from mildew, with a bushy branching growth; bright cherry crimson.

Baby Tausendschoen. Similar to the climbing variety, its charm lays in the variable coloring, changing from white to shades of pink.

Price of Baby Ramblers: Small plants, 25 cents each; large size, 50 cents each; extra large specimens, \$1.50 and \$2.00 each.

HARDY HYBRID PERPETUAL ROSES

These are considered the most valuable of all the Roses. Their large flowers are very fragrant and of all colors known to the Rose. For permanent beds in northern and middle states, nothing can surpass them. We have listed only the varieties that are best and most hardy, and know they will give satisfaction to our customers.

Knowing that there is a greater loss of Hardy Roses than any other dormant plant, it shall be our earnest endeavor to supply our customers with the very best plants possible, guaranteeing them to be in good condition when they leave our hands, but will not be responsible for loss in growing them. If you want to be sure of every one, buy our pot grown plants, ready May 10th.

HOW TO PLANT—VERY IMPORTANT

When planting, care should be taken to set plants deeply, planting them at least 2 inches below first point or branches and pounding the soil firmly around the roots. Don't crowd the roots, but dig a good, large hole, spreading out the roots; work the soil around the roots and pack firm as you fill the hole. When about two-thirds full of soil, give thorough watering, then when water soaks away, fill up the hole and firm the soil with your boot. Never for an instant expose the roots to the hot sun. If weather is very warm, protect the dormant tops with straw, sacking or other protecting material, until the tops swell, gradually accustoming them to the light and air. By carefully observing above you will have no trouble to make your dormant plants thrive, where by careless planting and after-care, one-half will die.

Winter Protection for Rose Plants. This may be done with material most convenient at hand, such as leaves, straw, light manure, street sweepings, pine and cedar boughs, etc. Large Rose bushes will stand several degrees of frost and the covering should not be put on until winter has set in.

How to Make Roses Bloom. In the axil of each leaf is a latent bud. Should the long, strong shoots or branches be placed and kept in a horizontal position, each latent bud will produce many flowers. Cut wooden hooks and peg the long, straight shoots firmly to the ground. These branches will not only flower, early and late, but will make robust wood, which can be treated in the same manner the following spring. Monthly and Hybrid Roses can thus be made to bloom continuously.

When to Order. Place your order early. Don't wait until late and expect especially selected stock, unless you buy pot-grown plants.

Suckers. Always remove any suckers that come up at side of plants—they are from the root graft of the rose, and they will not bloom and only rob the vitality of the plant.

Coquette des Alps. White, tinged with carmine. Very fine, free bloomer.

Frau Karl Druschki. One of the finest pure white roses. Makes splendid buds and immense white flowers, 4 to 5 inches across.

General Jacqueminot. Rich, velvety, crimson, changing to scarlet crimson. Very fragrant.

Magna Charta. Extra large, full flowers; very double, clear rose, blushed with carmine.

Mme. Plantier. Grows in a very fine, bush form and produces flowers in great abundance in June. Pure white.

Mrs. John Laing. Beautiful soft pink, delicious fragrance; of exquisite shape; very large and double.

Paul Neyron. Large, deep shining pink. It is a good, strong grower.

Prince Camille de Rohan. Rich, dark velvety crimson, passing to maroon, shaded black.

Ulrich Brunner. It is of a rich, glowing crimson scarlet color. Free, continuous bloomer.

HARDY CLIMBING ROSES

This class of Roses is much esteemed for training over arbors, porches, fences and other objects. They blossom profusely, the wealth of flowers almost covering the branches. Very little in the way of pruning is necessary, and the plants are perfectly hardy.

Baltimore Belle. Your yard is not complete without this grand Rose. Will grow 15 feet in one year, and be covered with clusters of large double flowers of a pale bluish color.

Prairie Queen. A favorite everywhere. If you want a Rose for your porch, this is the one. Bright red, changing as flower opens to deep pink.

Tausandschon. Means Thousand Beauties, and is a very appropriate name for this great novelty. The colors run from delicate rose through shades of bright rose and carmine with white, yellow and other tints.

PRICE OF CLIMBING ROSES

Small plants from pots, 30 cents each, 4 for \$1.00; 2-year-old out-door grown, 60 cents each; 6 for \$3.25.

For special collections of Hardy Climbing Roses see page 38, Collections G and H.

Dorothy Perkins. The best of all, strong, vigorous growth. Flowers are borne in clusters, of a beautiful shell pink, full double, and of a large size for a cluster Rose.

White Dorothy Perkins. A seedling of Dorothy Perkins having every desirable attribute of its parents and bearing magnificent clusters of gleaming white flowers.

Crimson Rambler. Everybody knows this Rose now, because none can help remembering it if ever a good plant in bloom meets the eye. Magnificent and hardy everywhere.

Flower of Fairfield. Perpetual flowering Crimson Rambler. Its flowers, which are produced in profusion, are of a fine, crimson color. The growth is vigorous, flowering freely.

Ophelia Rose
(See Page 25)

SANSEVIERA ZEYLANCA

The leaves grow to a length of 3 to 4 feet and are beautifully striped crosswise, with broad white variegation on a dark green ground. Price of strong, healthy growing plants, 20 cents each, \$1 for 6; large size, 40 cents each.

**VINCA**

This great window-box and hanging-basket plant increases in popularity each year.

Major Variegata. A beautiful variegated trailing plant. Leaves glossy green, broadly margined with creamy white; flowers blue, 15 and 25 cents each. \$1.50, \$2.50 per dozen.

Extra large, 50 cents each, \$5.00 per dozen.

Green Variety. Similar to the variegated, but leaves beautiful dark green. 10 and 20 cents each. \$1.00 and \$2.00 per dozen.

VIOLETS

The Violet is so well and favorably known that an extended description of its characteristics is hardly necessary.

Hardy Russian. Single, deep blue, perfectly hardy; good bloomer, fall and spring, 15c.

Princess of Wales. Another grand new Violet. Large single flowers of true blue. Strong, stiff stems; fine for cutting; intensely fragrant. 15 cents each.

SWAINSONIA ALBA

Spikes of pure white flowers from 4 to 6 inches long in greatest abundance the entire year. Resemble small pea. Last well when cut. 15 cents each, 50 cents for 4.

SMILAX

There is no climbing plant in cultivation for winter use that surpasses this in the graceful beauty of its foliage. It is indispensable for cut flower work and its hard texture enables it to be kept without wilting for several days after being cut. Of no use outside in summer. 10 cents each; large size 20 cents each.

SALVIAS

The Salvias now rank with the geranium in importance as a bedding plant. These French varieties are especially valuable on account of their dwarf and compact habit, and coming into bloom in mid July.

Clara Bedeman. Tall, upright grower; spikes grow erect.

Fireball. Dwarf, compact habit; very free flowering. Flowers brilliant scarlet.

PRICE OF SALVIAS: First size, 10 cents each, \$1.00 per dozen, \$6.00 per 100. Second size, 15 cents each, \$1.50 per dozen, \$10.00 per 100. Third size, 25 cents each, \$2.00 per dozen, \$16.00 per 100.

**VEREENA**

The Verbena is one of the prettiest and most popular of the flowering plants suitable for forming beds on the lawn. It commences to flower and spread from the first day the plants are set until late in the autumn, every day becoming better and more handsome. We have a splendid stock this year. Colors are white, blue, purple, pink, rosy crimson, red maroon, striped scarlet, dark red, etc. 75c per dozen. Large size, \$1.00 per dozen.

HARDY PLANTS, SHRUBS, VINES, ETC.

(Ready for shipment April 15 to May 1. Send us your orders as early as possible.)

Nothing is more beautiful on the lawn or in flower garden. Our stock is very large and fine and we feel sure that they will give our customers satisfaction in every way. Every variety that we list, we consider perfectly hardy here—even in exposed situations. There is nothing which so quickly and for so little cost adds to the beauty and cheerfulness of the surroundings as an assortment of hardy shrubs.

ALMOND

Very early flowering. Blooms very double and about 1 inch across. Double White and Double Pink, 65 cents each.

CALCANTHUS

Florida. (Flowering Shrub.) A very desirable shrub, with chocolate-colored flowers of delicious fragrance in June. 30 cents each.

CHIONANTHUS VIRGINICA

(Fringe Tree)

A tree-like shrub, almost hidden in the spring by a thick mist of fragrant, drooping lavender flowers, very ornamental. 75 cents each.

EXORCHORDA GRANDIFLORA

Flowers pure white, borne on slender racemes, very graceful. 50 cents.

FORSYTHIA (Golden Bell)

Early spring flowering; the flowers are yellow, drooping and appear before the leaves. 40 cents each.

BARBERRY, THUMBERGI

Where a low, dwarf, deciduous hedge is wanted, nothing equals this beautiful Barberry. It is of spreading habit, growing extremely thick from the base, and requires but little pruning to keep it in shape. The leaves are small light green, and toward fall assume rich, brilliant colors, the fruit or berries becoming scarlet. (NOTE—This is not the variety that causes rust on grain.) Absolutely hardy in all parts of the country. 18 to 24-inch, 30 cents each, \$4.50 per dozen; \$30 per 100.

LONICERA

(Bush Honeysuckle)

Morrowi. A neat shrub of symmetrical growth. Red flowering, 40 cents each; white flowering, 50 cents each.

RIBES

(Flowering Currant.)

The old fashioned, large growing, flowering variety. Grows 6 to 8 feet high. 40 cents each.

RHUS (Sumac)

Glabro laciniata. (Cut-leaved Sumac.) Of a striking appearance; the leaves are deeply cut, resembling ferns, the color of which is dark green, changing to a rich red in autumn. 50 cents each.

SABUCUS (Elder)

Aurea. Leaves are bright yellow, giving best effect when planted with other shrubs; blossoms resemble common elder and appear in July. Very hardy. 40 cents each.

SYMPHORICARPOS

Racemosus. A well known shrub with small pink flowers and large white berries that hang on the plant throughout part of the winter. 40 cents each.

Vulgaris. (Red-Fruited, or Indian Currant.) A shrub of very pretty habit. Foliage, flowers and fruit small; fruit purple; hangs all winter. 40 cents each.

CORNUS

(Dogwood)

Siberica. Red-branched. Tree-like shrub, with white flowers in June, followed by red berries. 40 cents each.

DEUTZIA

One of the most popular shrubs; blooms in June and July.

Cornus Variegata. One of the best of variegated ornamental shrubs, should be planted in clump of shrubbery to be seen at its best. 40 cents each.

Gracilis. Perfectly hardy; a profuse bloomer; delicate, small white flowers. 50 cents each.

Pride of Rochester. Double, white, in spikes 5 inches long. 50 cents each.

Viburnum Sterilis. Commonly called high bush cranberry. Very effective in large clusters of shrubbery. 30 cents each, \$3.00 per dozen.

VIRBURNUM STERILIS

(Snowball)

The old, well-known snowball; hardy everywhere. 40 cents each; largest size, 75 cents.

SPIREA

All the Spireas bloom with riotous extravagance which makes them quite striking. Their individual style, color and habits of growth differ so markedly, that a collection of varieties will insure bloom the entire season and still evade the monotony of repetition.

Van Houti. The most showy of all Spireas and one of the best flowering shrubs in cultivation. The plant is a rather tall, upright grower, with long, slender branches that droop gracefully with their weight of foliage and flowers. Flowers pure white in great clusters and whorls forming cylindrical plumes two feet long. Few shrubs present a more charming appearance. Blooms freely when very small. Small size, 18 to 24 inches, 25 cents each, \$2.50 per dozen, \$18 per 100; 24 to 30 inches, bushy, 40 cents each, \$4.00 per dozen, \$25.00 per 100; extra large, 75 cents each, \$7.50 per dozen, \$60 per 100.

Billardi. Pink flowers; in bloom nearly all summer. Fine for planting in masses. 40c each.

Golden Leaved Aurea. Foliage golden tinted, very effective massed or among other shrubs. Flowers are white. 40 cents each.

Antony Waterer. A bright crimson. It is also dwarf and dense in growth. When scarcely 12 inches high it begins blooming and thereafter is seldom out of flower. Grows 3 feet high and wide, and will be covered with flower heads 6 inches across. It is also perfectly hardy and will stand the most severe winter with slight protection. Small size, 40 cents each; large size, 60 cents each.

Thumbergi. Forms a dense feathery bush; foliage in autumn changing to bright red and orange. Flowers pure white, borne in feathery masses in June. 40 cents each.

Douglasii. Tall upright growth, narrow oblong leaves. Spiked of deep rose color, flowers in July. 35 cents.

Opulfolia. Tall, upright grower. Flowers white, last on plant a long time, finally turning to red while still on the plant. 35 cents.

**Hydrangea Paniculata Grandiflora****DOUBLE FRENCH LILACS**

Chas. X. A strong, rapid-growing variety with large, shining leaves; trusses large, of reddish purple. 75 cents each.

Josikaea. Dark lilac-colored flowers; blooms in June. 75 cents each.

Madame Lemoine. Double, pure white; borne in large clusters. 75 cents each.

Michael Bushner. Beautiful light lilac. 75 cents each.

LILAC

Old-fashioned purple varieties. 35 cents each.

Old-fashioned white varieties. 35 cents each.

PHILADELPHUS, SYRINGA or MOCK**ORANGE**

Coronarius. Beautiful free-flowering shrubs, bearing large panicles of pure white, fragrant bowers; very strong growers. 40 cents each.

Lemoine. Dwarf, sturdy, erect growth, creamy white, fragrant flowers. 50 cents each.

HYDRANGEAS**Paniculata Grandiflora.**

Tens of thousands of these notable summer and autumn-flowering shrubs have been sold the past few years and the demand is still good. They are absolutely hardy, grown in any soil, and bloom the same year they are set out. They flower abundantly, bearing immense panicles of bloom, white at first, and turning to rose in autumn. To make a fine specimen, the soil should be as carefully prepared as for any shrubs. Annual shortening of the branches tends to increase the size of the

flowers. 18 to 20 inches, 60 cents each, \$6.00 per doz.; 24 to 30 inches, 75 cents each, \$7.50 per doz.; extra large and heavy, \$1.00 each, \$10.00 per doz.

Hydrangea. Tree Form.

Branched like a little tree, very ornamental, 3 to 5 feet high, \$1.25 each.

New Hydranga Snowball.

This magnificent hardy American shrub is the very finest addition to this class of plants found in many a year. The blooms are of large size, of pure snow white color, and the

foliage is finely finished lacking the coarseness found in *Paniculata*. One of its most valuable characteristics is its coming into bloom just after the passing of all the early shrubs, while its long season of bloom, from early June thru August, renders it doubly valuable to every owner of a garden; perfectly hardy, standing 20 degrees below zero. The form of the panicle is much like that of *Hydrangea Hortensis*. 35 cents each, 3 for \$1.00, large two-year-old plants, 75 cents each.

WEIGELIAS

Candida. White flowering variety, flowers throughout the summer. 50 cents each.

Eva Rathke. Brilliant crimson, flowering throughout the summer. 50 cents.

Rosea. Rose colored flowers, in June and July. 45 cents each.

Variegata. Leaves beautiful, margined pure white. Flowers pink. 50 cents each.

**Hydrangea Snowball**

HARDY CLIMBING PLANTS

If you have a vine covered fence of Woodbine, Bittersweet, Honeysuckle, or other vine—try a Trumpet Vine at each post or regular intervals. The effect is very striking and attractive.

Clematis Paniculata

CLEMATIS

They are perfectly hardy and of rapid growth, attaining a height of 15 feet and blooming the greater part of the summer and fall. The effect produced by a well-grown plant when in bloom is grand.

SPECIAL NOTICE. On account of the brittleness of the bark on the Clematis, it cracks very easily and many people believe the plant to be permanently injured when such is not the case. We wish to say also, that we **examine all** plants carefully before shipping to see that they are in good condition and if they die after being planted, as must sometimes happen, we do not agree to replace them.

CLEMATIS, SMALL FLOWERING CLEMATIS PANICULATA

Paniculata. One of the very best vines to grow near the house, as they are free from insects, and remain neat looking thruout the whole summer. It will grow against any outbuilding, trellis, over any place, up a pole, pillar or stump. The flowers are of medium size, pure white, borne in immense sheets, and of a delicate and penetrating fragrance, appearing late in September, at a season when few other vines are in bloom. The extreme rapidity of growth, the showy foliage, beautiful and fragrant flowers, the hardihood, serve to make this one of the very choicest of recent productions. We have a very large stock of pot-grown plants. Small 3-inch pot plants, 35 cents each, 3 for \$1.00; two-year-old, 75 cents each.

CLEMATIS, LARGE-FLOWERING VARIETIES

Ville de Lyon. Magnificent brilliant crimson.

Henrii. Large size, single, pure white.

Jackmanii. The finest of all. Deep purple. Price of large flowering varieties, \$1.00 each. Price is for dormant plants shipped direct from nursery strictly at buyers risk, as large flowering Clematis are very uncertain as to growth.

AKEBIA

Quinata. A beautiful hardy climbing vine. It often grows 15 feet in a year and produces throughout the season large clusters of fragrant flowers, resembling Forget-me-nots. Two-year-old, strong plants, 60 cents each.

ARISTOLCHIA SIPHO

Dutchman's Pipe. Brownish flowers resembling a miniature pine; splendid for archway's or verandas. Extra strong, by express, \$1.00 each.

APIOS

Tuberosa. Clusters of rich, deep purple flowers, which have a strong violet fragrance. 10 cents each.

BIGNONIA

(Trumpet Vine)

Radicans. (Trumpet Creeper.) Flowers are large, orange scarlet. Very useful for covering undesirable places, as it is a strong grower and very hardy. 35 cents each.

CINNAMON VINE

A fine, hardy climber. Flowers of a cinnamon fragrance. Therefore called "Cinnamon Vine." 15 cents each.

LONICERA

(Honeysuckle)

Hallianna. (Hall's Honeysuckle.) Color white, changing to yellow; very fragrant. Blooms from June to November.

Ponica. (Scarlet Trumpet.) Strong, rapid grower. Blooms very freely the entire season. Bright red trumpet-shaped flowers.

Flava. (Yellow Sweet.) Bright Yellow and orange; fine for porches and pillars.

Japonica Area. (Japan Golden-leaved.) A handsome and desirable variety with variegated foliage; yellowish white flowers.

Price of Honeysuckles; Strong, outdoor-grown plants, 50 cents each.

PERIPLOCA GRAECA

(Sik Vine.)

A rapid-growing, beautiful climber with glossy green lanceolate foliage. Fine for arbors or trellises. Strong two-year-old, 60 cents.

WISTARIA

This is one of the most popular hardy vines, growing very rapidly, climbing to a height of 50 feet or more. When in bloom it is truly magnificent. It flowers in early spring in long, drooping racemes resembling in size and shape a bunch of grapes.

Magnifica. Pale blue. 50 cents each.

Simensis Alba. Pure white, sometimes tinted light blue. 75 cents each.

THE JAPAN OR BOSTON IVY

Japan or Boston Ivy (*Ampelopsis Veitchii*.)

(*Ampelopsis Veitchii*.) The grandest hardy climbing vine in existence for covering houses, churches, schools, etc. Its glossy ivy leaves overlap each other and its long, delicate young shoots stretch up the walls with free and rapid growth. The tendrils at nearly every point cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine of scarlet for growth on brick walls. One-year out-door grown, 40 cents each, 6 for \$2. Two-year-old pot grown, 50 cents each, 5.00 per dozen.

Ampelopsis Quinquefolia. (American Ivy, Woodbine, Virginia Creeper, etc.) Deeply cut leaves which turn to a beautiful crimson in fall; fine for covering trees, rocky slopes, walls, etc. Two-year, 30 cents, each, 4 for \$1.

Ampelopsis Englemanni. Similar to above but with smaller, denser foliage. Will cling to stone or brick. 40 cents each.

HARDY PERENNIAL PLANTS

Those that die to the ground every year.

BURBANK'S SHASTA DAISIES

Perfectly hardy perennial blooming for several months in this climate; flowers are large and graceful, averaging about 4 inches in diameter, with three or more rows of petals of purest whiteness on the single strong, wiry stem. Small plants, 10 cents each, 25 cents for 3; large clumps, 25 cents each.

HARDY PHLOX

No plants give better satisfaction to amateurs than the Hardy Phlox. They thrive in any ordinary rich soil. The ease with which they are cultivated, their entire hardiness, and the beautiful coloring, make them particularly valuable for garden planting. The wide range of colors, from pure white through all the shades of pink to deep crimson, give you a range of colors not found in any other hardy plant.

TRAILING PHLOX SUBLATA

A compact trailing growth, used for cemetery planting. Blooms early in spring. Pink and white, each 25c.

PEONIES

Once Planted They Will Last a Lifetime

Planting. An important point to observe is not to plant too deeply. The roots should be placed so that the crowns (or eyes) are covered with two or three inches of soil. Planting too deep is often the cause of shy blooming.

Plant with the southwest or west exposure.

Plant as early as possible in the spring, as they sprout very quickly. If order is received too late for planting we will hold that part of order and deliver early in the fall.

Our list contains the very best and most dependable varieties.

(See Page 36.)

SPECIAL OFFER

3 Peonies all different, strong roots for \$1.00. Or three-year-old clumps for \$3.00. 12 all different, part named varieties, strong roots for \$6.00. This collection is made up of some of the finest varieties that names have been lost and is a bargain for one who wishes to plant a row in the garden—by express at purchaser's expense. Strictly our selection varieties.
